65TH SHEEP

with various club activities, I ended up visiting the school
bottle I DON'T think. During the baseball games would let me
hang. If there's so many characters involved (and Flan's all
kisses + the star-curse characters) Plus the uniforms are
hard to draw (especially the hats). But as I got used to it, I
started to enjoy it more. And then my class, got half of me
and said, "this isn't a baseball manga." I wish I knew
something more. continued around the butlers, to be honest like
Angela throwing a ball of the oil. Paper on Paper

A noble comment that happened to our
 acquaintance's brother. "He's really handsome,
 but has absolutely no presence." But with the
 help of his capable manager, Adama, he
 managed to become Japan's top star.

In a site note, even kids don't know that
 Kageya is actually, in fact, the president of
 the company that manages Kageya's life.
